You can choose your own path to how you want to play this game and will see many different storylines that will unfold in front of you. Different factions fight for supremacy, all while some try to avoid any conflict at all costs and just want their villages to stay safe from harm altogether. The game offers a wide range of weapons, armour, mounts, items, crafting, questing system and much more. You can use stealth or diplomacy to defeat enemies or you can also choose the epic route where weapons are used because there are no rules. As long as you win the battle...that's what matters the most! You gain XP by doing quests, .killing enemies or looting villages, which unlocks new skills that can be used in battle. The game starts off in South India where 5 villages are warring. You will be given the option to choose one of the five villages to help. If you pick one, let's say Kauravas, you will fight for them in their war against the other factions (Pandava). Throughout this game you might be asked to do certain quests like delivering packages, hunting animals for their hides or even killing an enemy in order to get an item that is needed. This game takes place in India where many factions are fighting over supremacy e.g., Kauravas vs Pandavas, Abhisarika vs Katarapuris and Bhisma vs Krishnis.
